

Firecrackers Mixed League Rules

1. This league will bowl once a month for 8 sessions at 7:15pm on Fridays starting September 20, 2024. The lanes will go on at 7:00pm for 15 minutes of practice/warm up.
2. Teams will consist of 4 adult bowlers (age 18 and older) and can be any combination of men or women.
3. Bowlers will establish their average after three games.
4. Handicaps will be figured individually at 90% of the difference between a bowler's average and 220. The team's handicap will equal the total of the individual player's handicaps.
5. A vacancy score of 135 (for both men and women) will be used when a team roster is incomplete.
6. Subs are allowed. A legal lineup is 2 bowlers one of which needs to be a regular team member on the team roster. (A vacancy is considered regular team member) If you do not have a legal line up, and do not pre-bowl or make up the session it is considered a forfeit.
7. When a regular bowler is absent and a sub is not used, 10 pins will be deducted from their average and used as their weekly score.
8. We will use a seven point system, 2 points for each team game won and 1 point for teams totals.
9. If you bowl a vacant or bye team, you must bowl within 40 pins of your team average to earn points.
10. Make-ups/pre-bowls will be permitted and must be done as a team, individual make-ups are not allowed. Make-ups and pre-bowls must be scheduled with the front counter as we can not always accommodate walk-in league make-ups. They should be done within 2 weeks of your regularly scheduled session. Keep in mind that if 2 bowlers are able to bowl, then a make-up may not be necessary.
11. Optional 50/50 raffle and mystery game jackpots will be available each week.
12. A position round will be held on March 21, 2025. The final week, April 18th will be a fun night with 9-pin no-tap. This league will not provide teams or individuals with end of season monetary awards or trophies.
